

Limited 2008

Our 25-years anniversary model comes in a strictly limited edition of only 6 pieces.

The Mini-Jumbo has a beautiful Venetian cutaway.

Like almost all of our steelstring models, this one is provided with a Spanish neck construction. The neck-body-joint is located on 14th fret, nitro-highgloss polish, as well as Ebony-pins with Abalone dot are mandatory for this extraordinary instrument. An Abalone inlay in shape of a twenty-five in the 12th fret completes the design.

This guitar is the first to wear the newly created "S" in the headstock, which is now adapted to the Stoll Logo.

The instrument is beautifully balanced and easy to play. According to the size of the guitar the sound is powerful with great dynamic resources. The tone is full and warm from top to low end and the sustain is incredible.
