

# Steelstring PT69

*The big sister of the PT59.*

*Through a strict and continuous development of the basic qualities of the PT59 we created a solid instrument that stands its own in regard to cost and deliverance.*

*A Spanish Neck and fine tonewoods (solid of course) in connection with a cutway are giving the PT69 its individual note and provide an optimized correlation of sound and response.*

*The nevertheless robust construction makes this instrument a versatile companion through thick and thin.*
